

## Livestock Productivity Pasture & Forage Webinar Symposium (Northern NSW and Southern QLD regions)

Are you interested in hearing about current research and development in **tropical pastures, dual-purpose crops and forage brassicas, and legumes** in your *region*?

This webinar is a unique opportunity to hear from consultants and scientists about the most recent pasture and forage research and development.

**When: 3 November 2020**  
**Time: 9 am – 12 pm (AEDT)**  
**Location: Online**  
**Cost: FREE**

You may join us for some or all of the program.

Time	Presenter	Project
9:00 am	Warwick Badgery, NSW DPI	Livestock Productivity Partnership & Program overview
	<b>Session 1: Tropical pastures</b>	
9:20 am	Lester McCormick (agronomist)	Current and future impacts of tropical legumes in northern NSW farming systems
9:40 am	Suzanne Boschma, NSW DPI	Increasing livestock production with tropical pastures
10:00 am	Jonathan McLachlan, UNE	Phosphorus management and requirements of tropical pasture
10:20 am		Session break (10 min)
	<b>Session 2: Dual-purpose crops and forage brassicas</b>	
10:30 am	Bob Freebairn (consultant)	Value of dual-purpose crops and brassicas to crop-livestock systems
10:50 am	Peter Hunt, CSIRO	Dual purpose crops for lamb production
11:10 am	Lucy Watt, CSIRO	Forage brassicas in mixed farming systems
11:30 am		Session break (10 min)
	<b>Session 3: Tableland legumes</b>	
11:40 am	Jeff Lowien, Northern Tablelands LLS	Legumes suited to tableland environments and their value to livestock systems
12:00 pm	Carol Harris, NSW DPI	Increasing legume adaptation
12:20 pm		Webinar close (10 min)

The Livestock Productivity Partnership aims to boost the productivity of grazing systems and developing new research and development capacity via collaborations between
