

HOW TO IMPLEMENT A CARBON PROJECT ON YOUR PROPERTY

Climate Friendly, Australia's leading carbon farming service provider, is hosting a special FREE event that offers land managers pathways to participate in carbon farming

Learn how a carbon farming project can benefit your agricultural business, while generating income from Australian Carbon Credit Units (ACCUs).

- Shade and shelter for stock
- Soil health to increase productivity

FREE information and Q&A with experts

When: 16 May, 2025

Time: 9.30am to 3pm

incl. morning tea & lunch

Location: near Kingstown
20mins West of Uralla

Morning focus: Tree planting projects

Afternoon focus: Soil carbon projects

TURN OVER FOR MORE INFO AND TO REGISTER

SOIL CARBON:

Improve your landscape health and increase productivity, while earning income from Australian Carbon Credit Units (ACCUs).

Is your property eligible?

- Land must have been pasture, cropping or bare fallow for the previous 5 years.
- Not forest
- Not subject to illegal clearing or clearing of native forest

Climate Friendly partners with land managers on carbon projects across diverse landscapes totalling more than 10 million hectares.

The projects we support are registered under the Australian Carbon Credit Unit (ACCU) scheme, administered by the Clean Energy Regulator.

ENVIRONMENTAL PLANTINGS:

Grow shade and shelter for stock while earning an income stream generated by Australian Carbon Credit Units (ACCUs).

Is your property eligible?

- Land area must be at least 20 hectares
- The proposed planting area has not had forest for at least 5 years
