# **What *future* for the Regent Honeyeater in the Southern New England?**

Southern New England Landcare invites members and friends to **action plan** a bright future in our region, for the critically endangered Regent Honeyeater. **Landholders** in the **Balala Brushgrove, Bundarra, Kingstown, and Yarrowyck** areas are especially invited to attend. Your input is important and will be valued. This gathering will also have a view to establish a new **Regent Honeyeater Landcare group**. Information will be provided about upcoming grants.

**3 - 5 pm Friday 12th April 2019**  
**Kingstown General Store OR Kingstown Hall**  
**(TBC depending on numbers)**  
**Refreshments provided.**

Phone 6772 9123 for more information.  
Please RSVP by Friday 5th April to [mail@snelandcare.org.au](mailto:mail@snelandcare.org.au).

The Regent Honeyeater project is jointly funded through Northern Tablelands Local Land Services and the Australian Government's National Landcare Program.
